SUMMARY

E-commerce specialist with seven years merchandising and running wholesale and retail storefronts for textile and apparel brands: styles, colors, sizes and inventory for 14,000+ SKUs, coupons and the seasonal promo calendar, banners and email assets, product data for marketplaces, and the technical SEO and GA4 reporting underneath. I read a site's served HTML, sitemap and dataLayer before I touch it. Portfolio of independent, evidence-backed store reviews at mousabatarseh.com — including royalapparel.net, with working fixes.

PROFESSIONAL EXPERIENCE

Independent E-Commerce & Web Specialist | Remote

2019 – Present

- Reviewed royalapparel.net from public pages — 1,063 sitemap URLs classified, 20 product pages read, the dataLayer on every template — and published six findings with five working fixes: no canonical on any page and four live hostnames, a sitemap that is 38% redirects and lists checkout templates, a five-star rating hard-coded on every product, GA4 impressions with blank item names, and a category grid with 21 of 136 products in the HTML.
- Published 22 independent storefront reviews as working microsites in September 2026 — carhartt.com, Carhartt Reworked, PetSafe, DiaMedical and others — each with dated evidence, counts, prototypes and a 90-day plan; built ShelfMark, a 29-check public-page benchmark of 21 Michigan storefronts.

Webmaster / E-Commerce Specialist | Universal Wholesale & United Textile — Southfield, MI

Jun 2019 – Apr 2024

- Merchandised Shopify and WordPress storefronts for two textile and apparel brands in parallel: styles, colorways and sizes, collections and categories, filters, coupons and conversion paths; moved 1,000 products from an offline inventory system into Shopify.
- Owned product data for 14,000+ SKUs — bulk imports and exports, pricing, inventory, product copy, images and SEO metadata; migrated catalogs between platforms with redirects intact; led the RepZio B2B platform migration.
- Ran the seasonal promo calendar — banners, coupons, Mailchimp email assets — built wholesale registration workflows and coordinated stock with the warehouse; organic rankings reached Google pages 1–2 within the first year.

Webmaster / E-Commerce Specialist | Wild Bill's Tobacco — Michigan (multi-location retailer)

Oct 2024 – Jul 2025

- Ran the wholesale B2B store and two corporate sites (WordPress, WooCommerce, Elementor): product setup, catalog accuracy, pricing, inventory, descriptions and imagery; seasonal campaign pages, sliders and promotions launched with marketing and merchandising.
- Optimized SEO metadata and page performance; validated tracking and reported in GA4 and Search Console; QA, accessibility and change management on every release.
